INTRODUCTION

This document is published bimonthly and identifies the current baseline for Kennedy Space Center (KSC) Cargo Projects Management Directorate (CP). Documents have been grouped into seven categories as identified at the bottom of this page.

To obtain information concerning the relationship of each document to the other documents in this report and the authority documents from which they were derived, refer to Cargo Projects Documentation Tree, K-CM-05.2.2.

Additional information may be obtained by contacting CP-PCO, Documentation, 867-3722. Changes or additions to this index may also be provided to CP-PCO.

REPORT FORMAT DESCRIPTION

CARGO PROJECTS DOCUMENTATION BASELINE INDEX AND STATUS REPORT

DOC NO. & REV.	REL DATE	DOCUMENT TITLE	OPR	REQ'D/PREP BY	B/L CODE	STATUS/REMARKS NEXT ACTION (NA)
1	2	3	4	5	6	7

1	DOC NO REV	Discrete identifier assigned to each document. Descriptive identifier or the revision letter/number of the current version of the document.
2	REL DATE	Date on which the document was released as indicated on the cover.
3	DOCUMENT TITLE	Title of the document as it appears on the document cover (with minor title changes as required to add clarity to this report).
4	OPR	Office symbol of the organization responsible for the document development/approval/release.
5	REQ'D/PREP BY	Name of the person (and directorate symbol) responsible for preparation of the document.
6	B/L Code	Baseline Code identifying baselined documents to the particular B/L which they represent: DB Design Baseline DRB Design Requirements Baseline MB Management Baseline PCB Product Configuration Baseline RB Requirements Baseline
7	STATUS REMARKS NEXT ACTION (NA)	Brief description of the current status of a data line item. Any additional pertinent remarks which may clarify the data line item. Next activity required in the progressive development of the data line item.
